Innovation at UniK
BACKGROUND INFORMATION

The Brothers of Christian Instruction of the St. Teresa of the Child Jesus Province, Uganda, drawing from their long standing mission, and experience in the field of education, which stretches back to 1926, and wishing to respond to the growing need for higher education grounded in the Catholic ethos, conceived the idea of founding a University in Uganda.

In 2004, the Brothers sought collaboration with Uganda Martyrs University (UMU) to realise this project. The Memorandum of Understanding (MoU), signed on August 15, 2004, allowed the Brothers of Christian Instruction to establish Kisubi Brothers Centre of Uganda Martyrs University (KBUMU). The University Centre was to provide university level courses at Kisubi campus, coordinated by UMU.

On March 27, 2009, the National Council for Higher Education (NCHE) authorised Kisubi Brothers Centre of Uganda Martyrs University to operate as a Constituent College of UMU, under the assumed name of Kisubi Brothers University College (KBUC). After operating as a constituent College of UMU for six years, the National Council for Higher Education, on June 29, 2015, granted the college a Provisional name University of Kisubi, abbreviated as UniK. On June 29, 2018, UniK qualified for the Charter status to operate as a Constituent University.

University of Kisubi attaches great importance to the integral and development of the person who, empower through Holistic Education, strives to achieve self-realization and innovation; and propelled by the universal values of ethics and integrity, seeks to attain the true freedom that helps to bond unity and togetherness, of care and concern for one another in pursuit of all humanity in the contemporary dynamic world.

To achieve all the above, the University of Kisubi, through the UniK INTERDISCIPLINARY COURSES DEPARTMENT offers a package of courses that are available across all undergraduate Programmes.

UNIVERSITY OF KISUBI OFFERS THE ACADEMIC PROGRAMMES BELOW
